

Design Compliance Declaration— vertical transportation— single regulated design

Instructions for completing this form

You must complete all Parts of this form.

This form is only for use for a regulated design that involves vertical transportation.

This form is for a single regulated design and cannot be used to declare multiple regulated designs.

Where this form requires you to summarise information on which you intend to rely to support your answer, you must describe that information in sufficient detail for the Secretary to fully understand the basis of your answer.

Where this form indicates that material must be attached to the form, you must number each attachment sequentially and identify the number of that attachment in the relevant answer.

The drawing title, number and variation should correspond with the detail in the title block for the design to which this declaration relates.

Part 1. Details

For registered body corporates, give full names of the registered individuals and the corporation on behalf of which the declaration is made.

Design Practitioner name

Body corporate name (if applicable)

Registration number of Design Practitioner signing

Registration number of body corporate (if applicable)

ABN/ACN

Phone

Email address

Drawing title

Drawing number

Variation number

Part 2. Declaration matters

I, _____, _____
Name

_____, _____
Title acting on behalf of Corporation Name (if relevant)

have prepared the attached regulated design.

I declare:

1. The regulated design complies with the requirements of the *Building Code of Australia*.

Yes No

2. The regulated design integrates details of other aspects of building work to which the design relates, and other regulated designs for the work, in order to achieve compliance with the *Building Code of Australia*.

Yes No Not applicable

If yes, provide details or attach information about the other regulated designs that have been integrated into the regulated design for which this design compliance declaration is being made.

3. Other standards, codes or requirements have been applied in preparing the regulated design.

Yes No

If yes, provide details or attach information about the standards, codes or requirements that have been applied.

4. A building product referred to in the regulated design would, if used in a manner consistent with the design, achieve compliance with the *Building Code of Australia*.

Yes No

If yes, describe or attach information about how the building product would achieve compliance with the *Building Code of Australia*, including the relevant provisions of the *Building Code of Australia*.

5. I have sought and considered specialist advice in preparing the regulated design.

Yes No

If yes, provide the name and contact details of the person who provided you with the specialist advice.

6. The regulated design involves a performance solution.

Yes No

If yes, provide details of the performance solution and the name and contact details of the person who prepared the performance solution report if this declaration is not for the report.

7. The regulated design accords with the *Regulated Design Guidance Material* relevant to the design.

Yes No

8. The regulated design appropriately integrates a vertical transportation product in accordance with the product's authorisation under the *Work Health and Safety Act 2011*, section 42.

Yes No

9. If the answer to 8 is No, has the designer of the product, within the meaning of the *Work Health and Safety Act 2011*, section 22, been notified of that fact?

Yes No Not applicable

If yes, attach a copy of the notification to the product designer.

10. Does the integration of the vertical transportation product in the regulated design comply with AS-1735, Lifts, Escalators, and Moving Walks?

Yes No Not applicable

Part 3. Signature

Signature

Title

Date

This form relates to obligations under the *Design and Building Practitioners Act 2020* and supporting Regulation. For more information visit the NSW Fair Trading website:
